

UNIQUE TUBE CUTTER

The wide range of automatic Pipe cutters of EGA Master is designed for the easy and quick cut of different materials and sizes tubes, following the needs of the user. Its precision machining provides the quickest and smoothest action.

Able to cut copper, inox and plastic pipes with the proper cutting wheels.

1. Designed for the cutting and reaming of copper pipes, it is extremely robust, compact and easy to use.

2. Laser marked graduated scale to facilitate working action.

3. Extra cutting wheel at the knob.

4. Extractable reamer can work assembled in the tubing cutter or independently.

5. Gold Medal, International Inventors Competition, Paris 2004.
